ADMINISTRATIVE AND INSTRUCTIONAL PERSONNEL

Note: County units are printed in bold face capital letters; city units are indicated by black face capitals and lower case. A dagger (†) indicates the administrative unit is participating in the Southern Association's program for elementary schools. The number of teachers and principals include all teachers employed. Under "Year Accredited" the year given is that of the initial year of continuous accreditment. This list shows the ratings for the school year ending June 30, 1958. All schools not rated are classified as non-accredited and hence are indicated by ruled lines (——) in the "year accredited" columns. Where no elementary or high school is operated the other columns are indicated by leader lines (.....). In the case of high schools an asterisk (*) denotes membership in the Association of Colleges and Secondary Schools of the Southern States. For Negro schools the asterisk (*) indicates approval by the Association.
